Old Business:

Elections are coming up, start thinking about positions. Linda will run but only with conditions.

Linda has decided that renting a scooter for our car shows is more feasible than purchasing one, for insurance reasons.

Report given on the Arlington show. No winners in our club, and Approx 500 cars.

Nancy went to the Car show in Lake Chelan . Says she had a great time.

New Business:

Doug says Banner Bank is no longer paying interest on our account. Service has not been up to par. Therefore we will be looking for a new bank.

Ron and Linda purchased a portable sound system for the club. Ron demonstrated the many uses. It even has a bottle opener on the back.

Bill gave a rundown on Kristie & Susan's adventures.

Meeting adjourned at 7:24 pm.

Jokers Up won by Lonnie Anderson

2019 Corvette Caravan (Kristie & Susan's adventures):

Just to give you a brief telling of our adventures on the 2019 Corvette Caravan to the National Corvette Museum, here goes:

Susan Harrison and I meet the Pacific Northwest group on August 22nd at Evergreen Chevrolet in Issaquah Washington for check in, breakfast and a driver/passenger meeting. There were lots of familiar faces, and corvettes here. This is where our 7 day drive to Bowling Green Kentucky began. We met other groups along the way at different dinners and events.

We traveled on major highways and some lesser known highways as well as beautiful winding roads along the way. We had scheduled stops where we were usually always fed, but we always had time to take off on side adventures. Some of our side trips were the Little Big Horn and the Devil's Tower. There were some places we went as a group such as Wall Drug, Mt Rushmore and the Badlands National Park. Our last day before heading in to Bowling Green was in Effingham Illinois at Mid America Motorworks. This is where the other caravans from the Midwest and Canadian areas joined in.

2019 Corvette Caravan (continued)

We were told there were 756 Corvettes leaving Mid America Motorworks. We had a police escort in to Bowling Green and to the National Corvette Museum. There were people stopped along the road, on overpasses and all along the route waving, taking pictures and videos of all the Corvettes.

We spent the next few days going through the museum, checking out the C8s on display, going to dinners and having a great time! The museum had an outdoor concert and fireworks the first night with a Journey tribute band and Jefferson Starship. We spent one day in Nashville taking a trolley tour through the city.

2019 Corvette Caravan (continued)

Sunday morning, September 1st, we joined with a group organized by members of the Cascade Corvette Club out of Eugene Oregon for the trip home via Route 66. We had lots of fun stops along the way at restaurants, gas stations, and museums. One stop was at the Will Rogers Museum where they gave us a special program and showed us a film. We had authentic Mexican food in Albuquerque that was unbelievable. We even stood on the corner in Winslow Arizona! Susan and I were able to travel on Route 66 through each state it is in on the parts that were still in existence.

We met so many nice, friendly people from all over the US and other countries on this trip. Everyone was so excited about this journey and all the wonderful places we saw along the way. We spent most of our time laughing and enjoying all the sites and new friends we made. This was a great adventure!

2024 Corvette Caravan here we come!

**Corvette News:
Go Replica Racing!**

2,400 km after complete restoration. Street legal. FIA car pass. Original Jim Jones TRACO engine. Vehicle has driven major races such as Goodwood and LeMans Classic. 495 hp. Original certificate for tanks available. List of dynamometer available. German vehicle registration. Martini Garage quality!

OR Maybe go Miami Vice mode:

The Ferrari Daytona Recreation offered here is a unique one-of-a-kind McBurnie replica from the famous Miami Vice series from the 80s. The car was built on the basis of a Corvette C3 with an 8-cylinder Tune Port Injection Engine that was boosted to 300hp. This Daytona is still built with original Ferrari parts. This includes an Ansa Ferrari exhaust system and Borrani rims. This is one of the very rare versions where you could order parts from Ferrari without a Ferrari chassis number.

CORVETTE RACING:

CORVETTE RACING AT LAGUNA SECA: Aggressive Strategy Nets GTLM Podium

MONTEREY, Calif. (Sept. 15, 2019) – An aggressive race strategy paid off for Corvette Racing on Sunday as Antonio Garcia and Jan Magnussen landed on the GT Le Mans (GTLM) class podium in the Monterey SportsCar Championship at WeatherTech Raceway Laguna Seca.

The No. 3 Mobil 1/SiriusXM Chevrolet Corvette C7.R placed third in the next-to-last round of the IMSA WeatherTech SportsCar Championship as both yellow Corvettes rebounded from disappointing qualifying efforts Saturday. Oliver Gavin and Tommy Milner, driving the No. 4 Mobil 1/SiriusXM Corvette, placed fourth as each pairing gained four positions from the first lap of the race to the finish.
